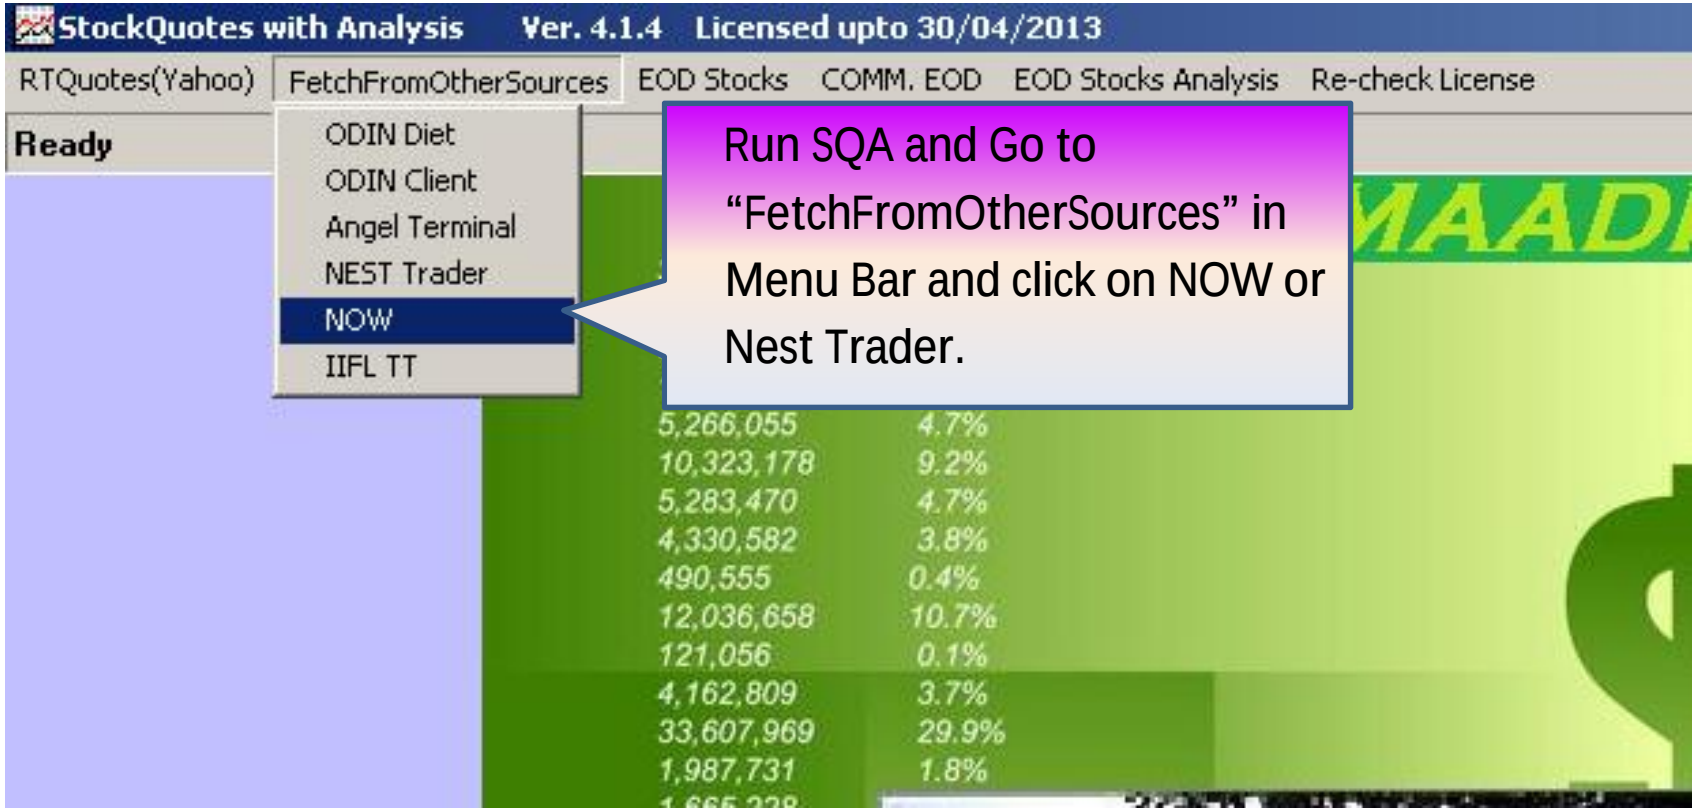
HOW TO CONFIGURE SQA WITH MT4



- Expand the Window by clicking on on top right corner to see the settings.
- Select the MT4 History folder as per installation of MT4 in your system. It should be History folder of MT4 platform which you want to run to see the charts i.e. GCI MT4, Forex MT4, MetaTrader 4 etc.

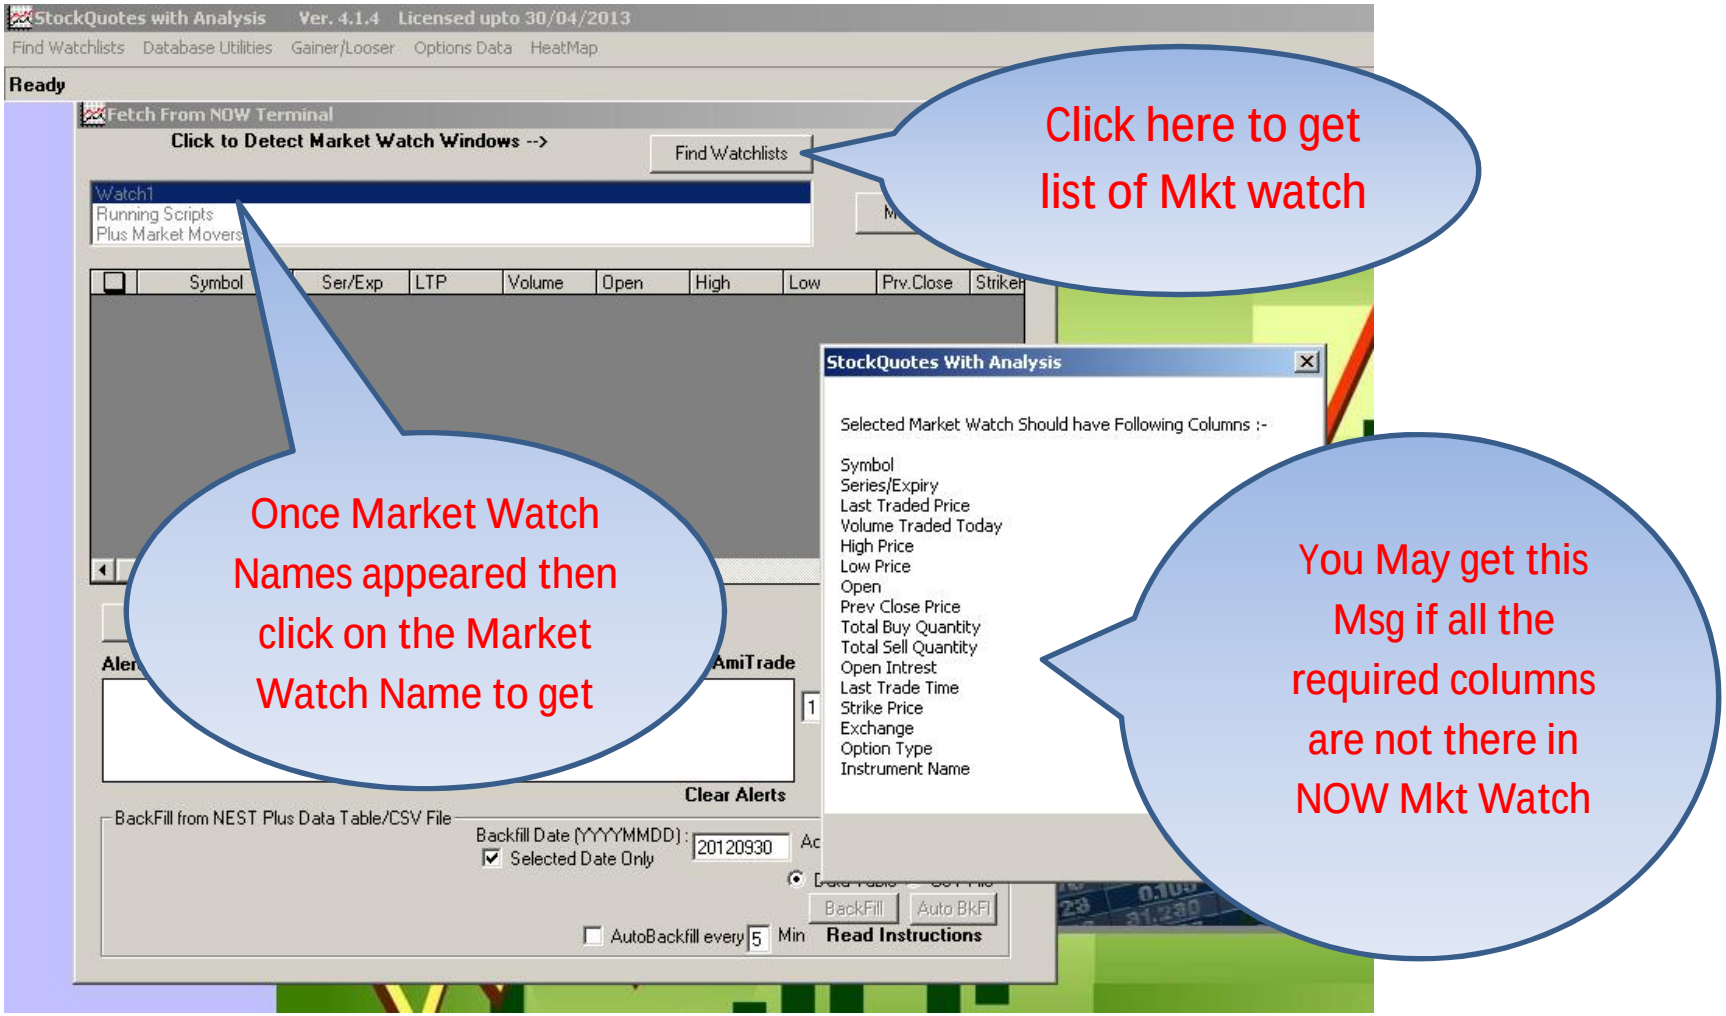
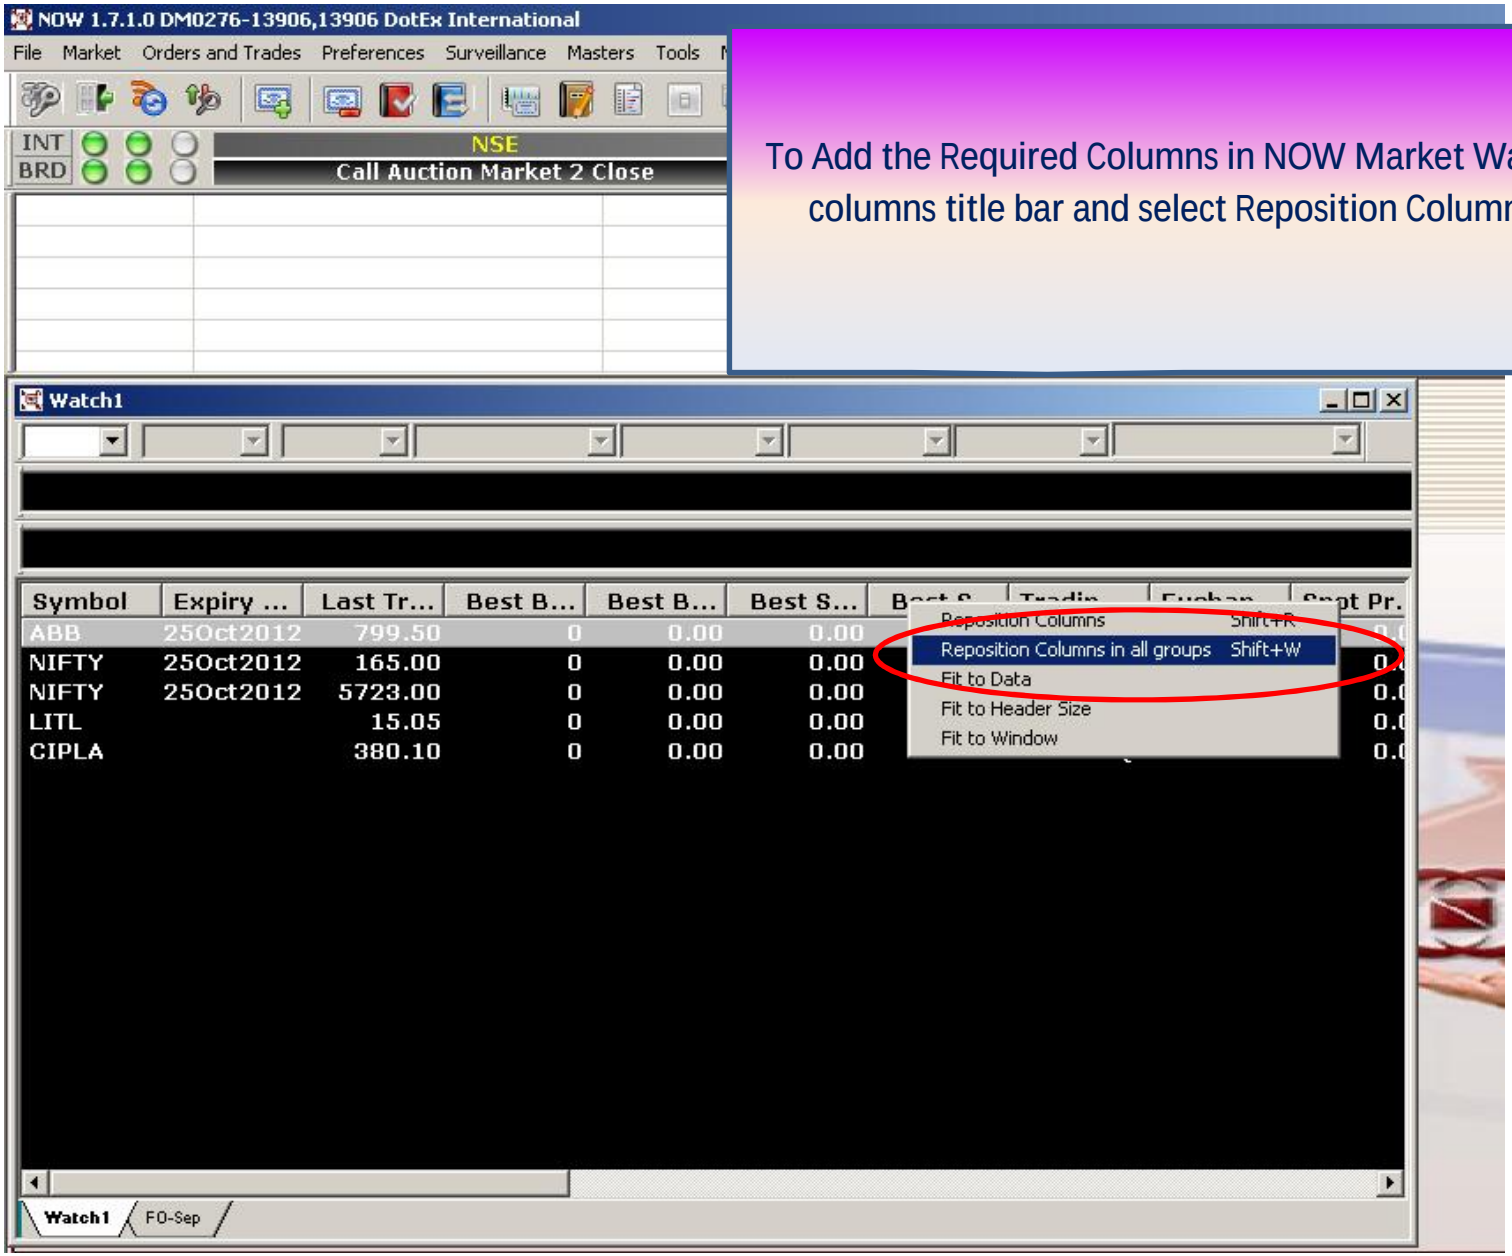
GCI introduces

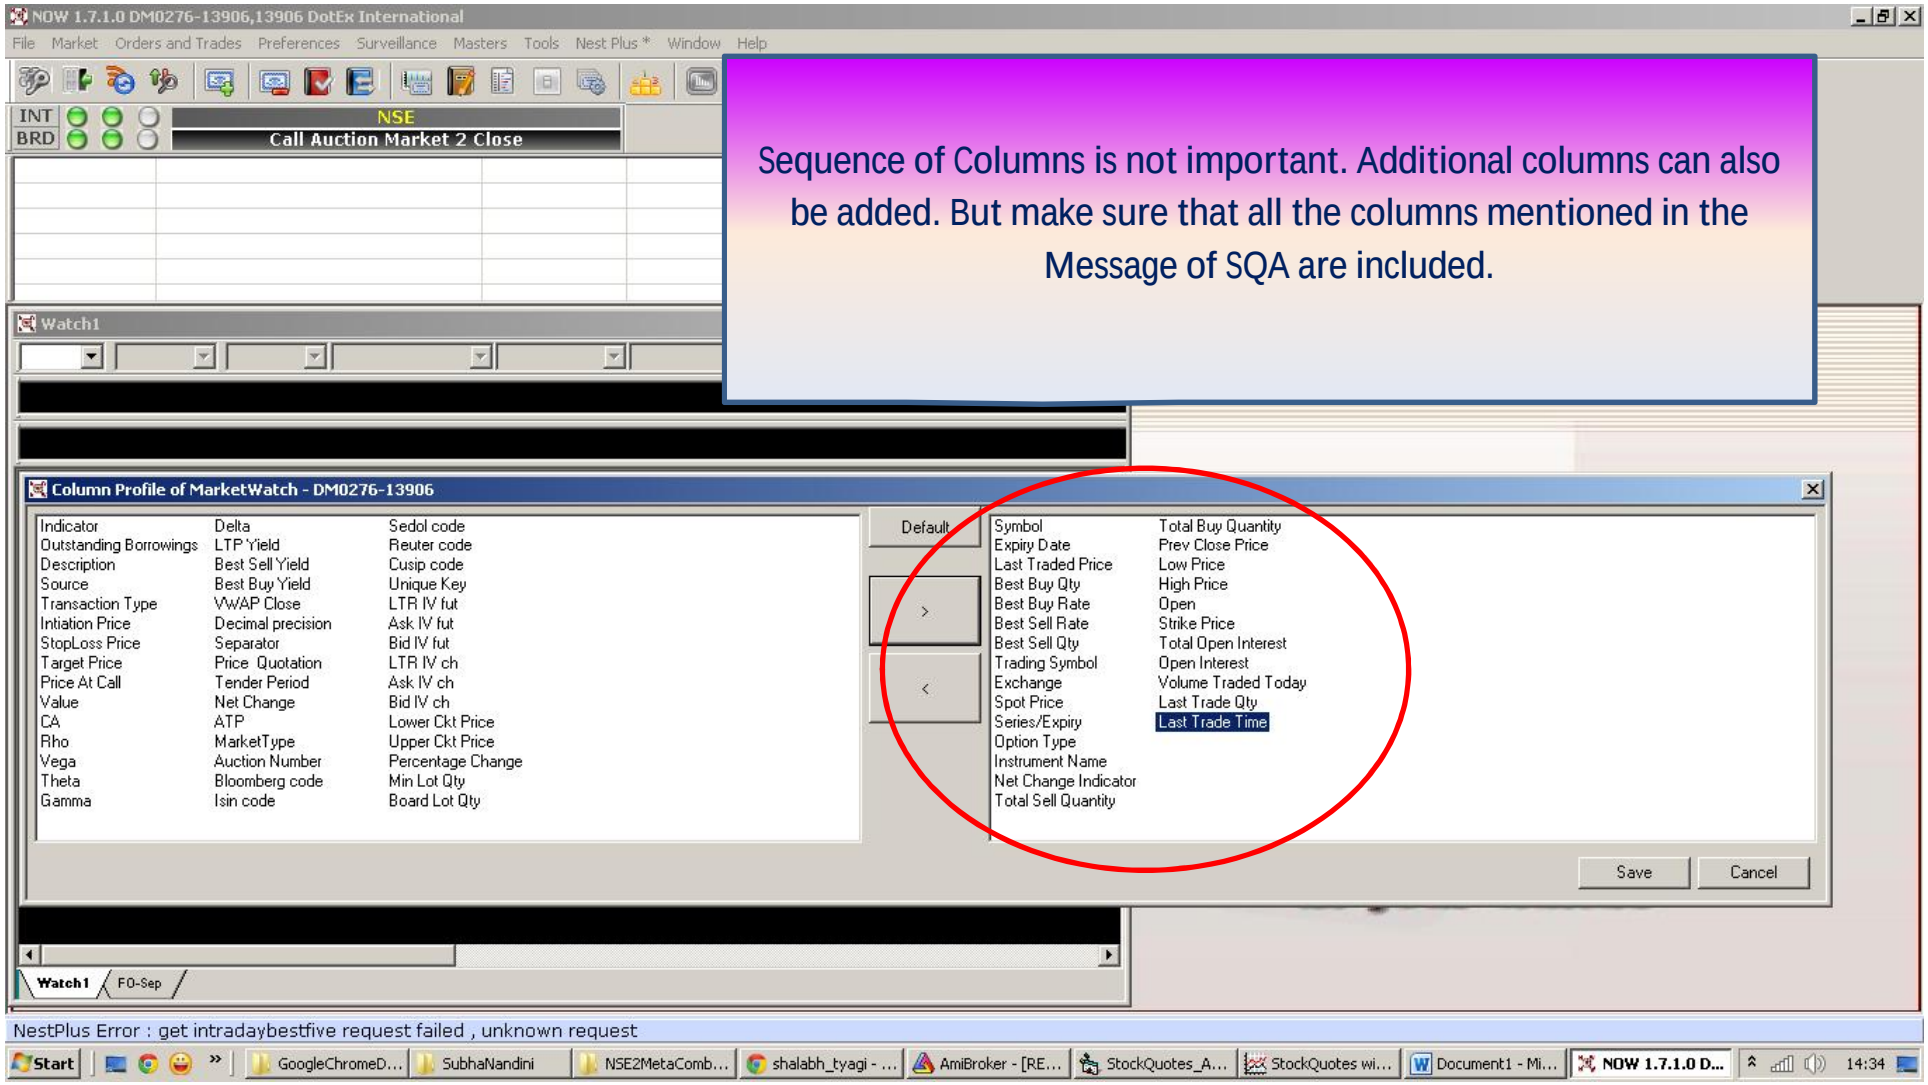
Select the MT4 History folder as shown above in SQA. Path shown above may be different depending on your MT4 installation and OS. It should be History folder itself. DO NOT SELECT ANY FOLDER FROM INSIDE HISTROY FOLDER i.e. SQA or ANY OTHER FOLDER.

- 
1) Start capturing Live Quotes from NOW Terminal. For that Run NOW and Make Market watch of Scrip for which you want to see the charts. After Mkt Watch of NOW is ready then click on Find Market Watch in SQA. You will see NOW market watch names in SQA. Click on the name of Market watch which you want to capture.





To Add the Required Columns in NOW Market Watch, right click on columns title bar and select Reposition Columns in All Groups



Sequence of Columns is not important. Additional columns can also be added. But make sure that all the columns mentioned in the Message of SQA are included.
